

Garage Door Sealing Systems

Seal the difference™

VIPER SECTIONAL BOTTOM OF DOOR SEAL

Australia's leading garage door sealing company

Founded in 2007, we are an Australian family owned and operated company, dedicated to providing superior quality garage door seals. Cleverseal's Viper Sectional Bottom of Door Seal is cleverly designed specifically for sectional doors, to close the gaps of out of level floors or replace old cracked rubber seals at the bottom of your garage door without changing the appearance of your garage door.

Comfort and Protection

Seal out dust, pests, extreme weather and bushfire embers

Quality Product Assured

Our product is backed with a 5 year warranty

Save on Energy

By reducing air movement around the garage and shed

VIPER SECTIONAL BOTTOM OF DOOR SEAL

Viper Bottom of Door Seal

Is available in a variety of lengths to suit your sectional garage..

Kit includes

- *Aluminium carrier*
- *Bristle brush and santoprene flexiblade*
- *Fixings*

Cleverseal Viper Sectional Bottom of Door Seal will close the gaps of uneven floor surfaces that let in rain, dust, wind and pests. Replace that short-term rubber seal that cracks over time, with our heavy-duty Viper seal that is designed for quick and easy installation to the inside bottom of the garage door.

Viper Sectional Bottom of Door Seal is made of a hard-wearing aluminium carrier with two seal barriers, UV stabilised bristle brush to inhibit dust, insects and rodents and behind that is a stabilised flexible santoprene blade to deflect water. Designed, developed and manufactured in Australia, Cleverseal Garage Door Sealing Systems are already successfully installed on thousands of homes and factories throughout Australia. When you buy Cleverseal you are purchasing high quality products you can count on.
